

Who is using NVR?

Written & developed by: Nick Goddard

There are 5 residential groups next to each other. Each group has a name and each group has a particular colour. Each group has a pet and a favourite drink but no 2 groups have the same pet or drink. Each group uses a particular technique to manage aggressive situations.

Group I _____	Group II _____	Group III _____	Group IV _____	Group V _____

- Group- Rome is the red group.
- Group-Madrid uses a seclusion room for aggression.
- Group-Lisbon drink tea.
- The green group is to the left side of the white group.
- The green group drinks coffee.
- The group with birds as pets use medication to manage aggression.
- The group with cats as pets is also the yellow group.
- The middle group drink milk.
- Group-Paris is the one on the far left.
- The group with a horse as a pet is next to the group with a time-out room.
- The group with cats is next to the group where they use restraint for aggression.
- The group with a dog as a pet drink cola.
- Group-London has fish as pets.
- Group Paris is next to the blue group.
- The group next door to the group with a horse drink water.
- **One group uses NVR to manage aggressive situations.**

Which Group uses NVR?

P.S. - If you lost direction, try to look for an answer at our Activists' Community forum on the N.A.N.I website here -
